

## Mac GB Ltd Winter Driving Seminar

Tel: 01745 828180

[www.reduceroadrisk.com](http://www.reduceroadrisk.com)

As you will be all too aware, the winter months are drawing near and as such it is wise to take extra precautions when driving. It is a sad fact that the incident rates increase as the weather conditions deteriorate. This combined with the early nights and dark mornings, makes a routine journey far more hazardous.

Mac GB Ltd's Winter Driving Seminar is a classroom based session which incorporates National Statistics, tips, advice and interactive elements to get the message across in an informative and enjoyable way. Mac also promote items which are particular to the Company / Corporate Driving Policy in order to ensure information is disseminated directly to the employee.

The seminar can be conducted throughout the UK and can be tailored to last one and a half hours and up to a half day session.

The objectives of the course are met by providing information, examples and advice on:

- Planning your journey
- Preparing you and your vehicle
- Identifying high risk areas
- Adapting your driving accordingly
- Defensive driving techniques
- The law of drink driving

### Costs

Seasonal Seminars / Safe Driving Seminars (1.5hrs) maximum of 25 attendees  
£500 + VAT (Discounts apply if more than one seminar is booked to be held in one day)  
Additional costs may apply depending on locations

### Testimonials

Neil Carr

'Excellent refresher and timely reminder with useful stats and observations.'

Geraldine Zake

'It made me realise how little I know about driving in these conditions. I am also a little ashamed to say I know so little about the mechanics of my car, I will make an effort to see if I can find a course that will give me the basics.'

Eileen Murray

'Well worth the time, thank you.'
